

Association of Teachers of Mathematics

# BATH BRANCH

6-7:30pm, Thursday 19<sup>th</sup> January 2012

Let's argue about symmetry

Bob Burns (University of Exeter)

How often do you really think about the mathematics of symmetry?

In this workshop Bob wonders if there are any handy theorems about and what might we do with them.

Be prepared for an insightful evening because Bob always manages to find something new to think about even in the most familiar situations.

NOTE: The meeting fee includes a copy of Bob's book "Sorting by Symmetry  
Patterns with a centre"

(Usual price: members £9, non-members £12)

Primary and secondary teachers and students all welcome.  
ATM membership is not required.

Cost: £4 for refreshments, immediate expenses and a book

Venue: Room CVG01, Culverhay Campus  
Bath Spa University

(Rush Hill, Bath, BA2 2QL - between the school and the surgery)
