

Meridian branch of the ATM / MA

Developing mathematical concepts and processes through discussion

Led by Prof Malcolm Swan

Malcolm will lead interactive sessions for all participants and also for primary and secondary colleagues separately, using group activities that encourage pupils to:

- classify, define and compare;
- formulate and simplify, analyse and solve, interpret and evaluate, communicate and reflect.

Also: 'maths swap shop' (primary and secondary separately):
show your favourite project starter / activity / piece of software /
worksheet etc., and participate in other people's – all for free!

Saturday 14th November 2009

0930 – 1240 (coffee from 0900)

Institute of Education, University of Reading

Bulmershe Court, Woodlands Avenue, RG6 1HY
