MEMBER INSTITUTIONS WITHIN A GROUP RECEIVE 25% DISCOUNT

An LEA or 'Group Leader' will need to act as the co-ordinator for the initial order and to provide all names and addresses of schools that are part of that group order.

The co-ordinator will be sent the invoice for the sale.

The co-ordinator will be sent the licences/discs for all members of their group. Distribution will be the co-ordinator's responsibility.

The cost to groups using an intranet will be the same as those needing individual discs

E-learning Credits may be used to purchase these items of ATM software.
If schools wish to use their e-learning credits, ATM will invoice these schools separately.
